Bardula studio light exhibition at KKDC PARIS

Bardula studio's (<http://www.bardula.com/welcome.php>) new art pieces in collaboration with KKDC (<http://www.kkdc.co.uk>).

The exhibition will take place from September 3 to December 3 - 2015, at the KKDC gallery, 20 Passage Dauphine in the historical 6th arrondissement of Paris. This exhibition, between sculpture, jewellery, design and architecture, is made of abstract geometrical installations and light art. It reveals changing volumes, depending on perspective and LED colour. The entire space is an interaction between light, matter, reflections and volumes.
